

## Junior Backend / Full Stack Developer

### Personal details

Nahuel Ceferino Gatica  
gaticanahuel70@gmail.com  
+54 9 351 707 2321  
Córdoba, Argentina

### Languages

Spanish — Native  
English — C1 (Advanced)

### Skills

- Teamwork
- Effective communication
- Problem solving
- Analytical thinking
- Adaptability
- Data quality orientation

### Profile

Junior Backend / Full Stack Developer with hands-on experience in database management and process optimization in the healthcare sector. I mainly work with C#, Node.js, Java, and SQL/NoSQL databases (SQL Server, MongoDB, Redis), plus React and Tailwind CSS on the frontend. Currently expanding my knowledge of Angular, PostgreSQL, graph and document-oriented databases, and DevOps practices (Docker, collaborative version control).

### Technologies with hands-on experience

#### Backend

- C# .NET (Windows Forms, Web API)
- Node.js (Express — REST APIs)
- Java (OOP, Spring Boot fundamentals)

#### Databases

- SQL Server (Stored Procedures, Triggers, Row-Level Security)
- MongoDB
- Redis

#### Frontend

- React (components, hooks, API consumption)
- HTML5 / CSS3 / JavaScript / Tailwind CSS

#### Tools

- Visual Studio / Visual Studio Code / IntelliJ IDEA
- Git (version control)

### Currently learning

- Angular
- PostgreSQL
- Cassandra
- Neo4j
- Docker
- GitHub (collaborative workflow)
- Postman
- Jira / Trello

### Experience

#### Jul 2025 - present Data Entry & Database Management

##### *Droguería Salud Renal*

- Designed and maintained SQL Server queries for data integrity validation across modules.
- Detected and resolved duplicates, load errors, and incomplete records.
- Prepared SQL reports for internal audits and operational analysis.
- Documented technical processes and standardized data-loading workflows.

#### Apr 2024 - present Server & Database Administration

##### *Héctor Alejandro Ferraro*

- Maintained and administered databases and documentation records.
- Controlled and reviewed billing processes.

#### Aug 2021 - Jun 2025 Customer Service & Sales Representative

- Provided multichannel customer support and resolved technical and operational issues.
- Managed orders and negotiated with clients.

### Education

#### Dec 2024 - present Programming Technician

UTN

#### Feb 2020 - Dec 2024 Video Game Programming

Colegio Universitario IES

#### 2011 - 2016 Completed secondary education — Economics and Administration

Instituto Amparo de María
